

Junior Committee Guidelines

- Serve as a voice for the SCHJA Junior Community. When an issue arises that impacts juniors, the board will consult this group for ideas/input/solutions.

- This is a two-way street--should junior members have an issue that we need to discuss as a board, please them to bring it to our attention.

- Be willing to pitch in when needed-- there are plenty of things that they are better suited for you than us!!

- Establish some goals as a group.
Examples: Encourage more camaraderie between barns, Save the Governor's Cup, make horse shows more fun.

- This is not an exclusive club. Anyone with a desire to participate AND a willingness to put forth the effort required to accomplish the group's goals can be a part.

- You all are our leaders, so please conduct yourselves as such.
